## Agency Service Agreement

The Agency Service Agreement is the binding document, which must be signed by all client agencies, that outlines the responsibilities of each party that is involved in the background process: the Service Provider, the Client/End User, and the Applicant. There are specific roles that each play in order to provide exceptional service, but we must have the completed agreement on file to do background checks. Since more than one person may have access to VeriFyi, it's possible that you have never seen this Agreement. Please take a moment to familiarize yourself with the Agreement and contact the VeriFyi staff if you have any questions about it.

---

To further emphasize a couple points from this Agreement:

- Only the people trained by VolunteerNow may have access to the criminal history reports (this includes the online training). We strongly suggest a minimum of two representatives per agency complete the training. For example, if your Executive Director, Supervisor, or Pastor has not been trained, you cannot share an employee or volunteer's criminal background with them! *Please refer to page 10.*
- If you print the criminal history report, it must be destroyed with a shredder once a final decision has been made. Reports may not be kept any longer than **30 days**, therefore, the VeriFyi website will not show criminal history older than 30 days old.
- We do not obtain any financial history information in the Social Security Verification even though we communicate with Equifax, a Credit Bureau. We are governed by the Fair Credit Reporting Act; therefore we must include this in our Agency Agreement.

## Background Verification Release Form

If a paper release form is requested by an applicant. The Background Verification Release Form covers the Fair Credit Reporting Act requirement of having a signature when obtaining credit history – because Social Security information is verified with Equifax, a Credit Reporting Agency, it falls under the credit history category. **This form is valid for three years. The text cannot be modified or altered, except to add your logo or Agency information.** There is a Spanish version available online as well.

## Texas Department of Public Safety

## The Background Check

The background check is essentially made up of the following components:

- ① **Multi-Jurisdictional (National) Check**  
*Searches over 400 million criminal records from over 185 jurisdictions. Reports are from 48 State criminal files.*
- ② **Sexual Offender Database Search**  
*Reports are from all 50 State (plus Washington, D.C.) Sex Offender Records.*
- ③ **Social Security Verification**  
*Search reveals present and past addresses and aliases.*
- ④ **Texas Department of Public Safety (DPS) Check (Texas Agencies ONLY)**  
*Search includes arrests, convictions, deferred adjudications, juvenile records, and warrants. May include adjudicated, juvenile, and records thought to be expunged.*

Agencies requesting a criminal history record on a prospective staff or volunteer through the VeriFyi process will have the search done in four parts.

The **1<sup>st</sup> check** is the Multi-jurisdictional (national) check and the information is taken from the Department of Corrections Records, Sexual Offense Records, Department of Public Safety Records, Bureau of Investigations records or Administrator of the Courts records where applicable. At the present time some states do not report (Colorado, Hawaii, Louisiana, Massachusetts, South Dakota, Vermont, West Virginia and Wyoming).

The **2<sup>nd</sup> check** is the National Database Search of Sex Offender Records which scans databases from around the country to find any record of arrest, convictions or sexual offenses against adults, children and certain sexual contact and other crimes against victims who are minors. Sex Offender Records are available from **ALL** 50 States and Washington, D.C.

The **3<sup>rd</sup> check** is the Social Security Verification and these results will include verification of valid Social Security Number, aliases and previous and current addresses.

The **4<sup>th</sup> check** is the Texas Department of Public Safety (DPS). This search will include the entire criminal history as maintained in the secured site DPS files. The information that DPS has is information that has been reported to them by local law enforcement agencies. In some cases, the reporting of violations by local agencies may not be complete or may not have been reported at all to DPS. Therefore, the nonprofit agencies cannot assume that every conviction or arrest will be on the record. The system used by DPS is a "SOUNDEX" based search. This is a name-based check that relies on a phonetic match of the person's name. The name-based search will search for only one name, preferable the legal name. If an applicant has used more than one name (*for example maiden name, other married names, nicknames*), each name a person has used should be submitted separately in order to ensure that a thorough check is done (*for example, William/Bill*). The search also includes any alias used, but there is no assurance that the other names will be on the record. This data must be carefully examined to be sure that the record belongs to the candidate whose name was submitted. Other information, such as Social Security number, driver's license number, middle names, descriptions, etc., can be used to help ascertain that the person named in the rap sheet is the right person. The criminal background record is not a fingerprint match. If an applicant disputes that a record is his/hers, there is a grievance procedure by which a fingerprint search can be done through DPS to prove absolutely whether or not the applicant is the person indicated on the rap sheet.

## INVESTIGATIVE SECTION - MULTI-JURISDICTIONAL SEARCH

The Multi-jurisdictional trace will search over 400 million records from 185 jurisdictions across the nation. If data is needed from other counties that do not report their information to the online databases, You can use the A La Carte Services to process a County Criminal Records Search. There is an additional service fee (based on county) for the information. The need would arise only when the report shows “Data Not Provided” and you don’t have enough information to determine if the “hit” actually belongs to the person you searched.

## **Grievance Process**

This is *not* a perfect system. It is not a fingerprint match. DPS performs a name-based search done with the "SOUNDEX" system. The Multi-jurisdictional search is based on the last name and the first three letters of the first name. The Social Security verification is done through Equifax and requires that three resources match before being verified. A person may not be identified if name (or alias), race or date of birth is incorrect. Some "matches" may show up that obviously are not the person in question. If an applicant feels that the criminal history record transcript received by the agency is not theirs please contact the VolunteerNow at (214)-818-9839.

Your information on middle name, other names, Social Security number, and driver's license number are additional pieces of information that can be used to determine match with criminal history. *(Please note that SS# and DL# are not always positive ID's, they could be stolen)*

When entering data, use of first and last names only (*no middle*) will give the broadest search. For the best search, use all known names, specifically names given at birth vs. nicknames.

Please remember that VolunteerNow cannot tell you how to appropriately handle your staffing process. If you feel that you must terminate employees or volunteers, please follow your agency protocol.

## **Risk Management Procedures**

VeriFyi should not be your only means of risk management. It is vital to have the following items for Employees and Volunteers:

1. Application
2. References (Personal and Job-Related)
3. Interviews
4. Training
5. Evaluations/Reviews
6. Job Descriptions

1. Identify risks and dangers associated with each volunteer position. Think about what the volunteer might do wrong. Think about accidents that might occur due to equipment use or unsafe premises. Think about who your clients are and what their special needs or limitations might be. If identified risks can be controlled, you might move forward with your program. If you cannot control the identified risks, look at discontinuing your program.
2. Re-write your volunteer job descriptions to generate volunteers who are capable of dealing with your listing of risks. Tailor the "Qualifications" section of each job as to the skills, knowledge, and physical ability needed to avoid or deal with the dangers you have uncovered.
3. Screen all potential volunteers as to their ability to deal with risks.
4. Train all volunteers to deal with the risks of their specific jobs. Be sure to cover:
  - a. Duties to be performed.
  - b. Methods for proper performance of these duties.
  - c. Tasks not to be undertaken without specific instructions.
  - d. Dangers to be aware of and avoided.
  - e. Procedure or emergencies.
5. Train supervisors of volunteers in same elements.
6. Include a risk management review in your evaluation and performance review system.

Repeat this process annually or whenever a new volunteer job is developed.

## Acceptance Policy

Prior to conducting criminal background history checks, each agency must determine their criteria for accepting/rejecting staff and volunteers based upon information received from VeriFyi.

- Which convictions would automatically disqualify an applicant? *See page 28 for an example of automatic disqualifiers.*
- Are there some convictions which **MIGHT** disqualify an applicant based upon:
  - age at time of conviction
  - length of time since conviction
  - good references
  - record of achievement
  - other.
- How will an arrest (without conviction) or a "wanted" affect the choice of that person for a staff or volunteer position?

If an applicant is turned down for a position based upon information received from DPS, and if, upon reviewing that information (*please note: applicants may **SEE** the criminal history transcript, but they may not have the transcript or a copy of it*), the applicant feels that the information included is wrong or that it is not his/her record, there is a policy in place for a person to request a further check. The submission of fingerprints for a fingerprint check is the method of a positive identification, unless the applicant can prove by other means that he/she is not the person indicated on the criminal record.

**THE CRIMINAL HISTORY TRANSCRIPT IS TO BE DESTROYED WITHIN THIRTY (30) DAYS OF ITS RECEIPT OR FIVE (5) DAYS AFTER A DECISION HAS BEEN MADE. IT IS NOT TO BE KEPT IN THE PERSONNEL FILE.**

## Sample Policy Statements of Disqualifications For Hire

Please feel free to use these sample guidelines for your own organization. Also, talking to other agencies like yours may help you customize your policies and procedures regarding automatic disqualifiers.

### Example 1

#### BASEBALL ASSOCIATION, INC. POLICY STATEMENT FOR DISQUALIFICATION OF INDIVIDUALS WITH CRIMINAL BACKGROUNDS

1. POLICY STATEMENT – The Baseball Association, Inc. organizes and administers a recreational baseball program for children ages five to fourteen. In recognition of the increasing incidents of crimes against children by volunteers of organizations to which the children belong, the B.A. has determined that certain individuals should be disqualified from participating with the youth in our program. The B.A. Board of Directors reserve the right to disqualify any applicant who has ever been convicted of any disqualifying offense, been on probation or received deferred adjudication for any disqualifying offense, or had presently pending any criminal charges of any disqualifying offense before a determination of guilt is made, including any person who is presently on deferred adjudication.
2. DETERMINATION OF DISQUALIFYING CRIMES - The determination of whether a particular crime involves moral turpitude, which results in the right to disqualify, shall be made by the B.A. in its sole discretion.

Without in any way limiting those crimes, which the B.A. may determine to involve moral turpitude, the B.A. offers the following examples as guidelines.

- A. Crimes involving moral turpitude include **sex** related offenses, child related offenses, drug and alcohol related offenses, weapons offenses, felony robbery/burglary offenses, fraud related offenses and crimes against persons and property.
  - B. Crimes that do not involve moral turpitude include minor traffic violations if limited in number, shoplifting misdemeanors if limited in number, **and misdemeanor** matters arising out of organized civil disobedience activities.
3. GUIDELINES FOR DETERMINING Disqualification - If the B.A. determines that an applicant has a background of one or more disqualifying crimes, the B.A. may in its discretion disqualify the applicant from all further association with the B.A. The B.A. recognizes that there may be instances where previous criminal conduct does not pose a threat to the children involved in the B.A. and should not result in disqualification from the B.A. Without in any way limiting the discretion of the B.A. to determine on a individual basis whether or not criminal conduct should result in disqualification, the B.A. offers the following examples as guidelines:

A. **AUTOMATIC DISQUALIFICATIONS - Sex related offenses, child related offenses, murder, felony burglary/robbery offenses. These would result in automatic disqualification regardless of the existence of any extenuating circumstances.**

B. All other offenses not described above may result in disqualification in the discretion of the B.A. Board of Directors. Determining factors of disqualification would include the following:

*Baseball Association Example - Continued*

1. The nature and severity of the criminal conduct
  2. The length of time since the criminal conduct occurred
  3. The age of the applicant at the time of the criminal conduct
  4. Personal references
  5. Job History
  6. Standing in the community
  7. Other factors the B.A. may deem appropriate under the circumstances.
4. **PROCEDURES** - In order to screen prospective coaches, volunteers and Contract Labor to identify and disqualify those who have criminal conduct histories, the B.A. shall utilize the following procedures:
- A. **COACHING/CONTRACT LABOR APPLICATION** - Must be completed by every individual applying to volunteer/work in the B.A. This includes a disclosure in writing of any previous criminal history.
  - B. **REFERENCES** - Each prospective volunteer/employee shall provide three or more character references and shall authorize the B.A. to contact those references to make inquiry concerning the applicant.
  - C. **PERSONAL INTERVIEWS** - Each prospective volunteer/employee may be interviewed by members of the B.A. Board of Directors.
  - D. **CODE OF ETHICS** - Each prospective volunteer/employee will be given a copy of the Code of Ethics of their position and will be expected to adhere to this Code of Ethics during their service with the B.A.
  - E. **CRIMINAL BACKGROUND CHECKS** - Each prospective volunteer/employee shall give written authorization for a criminal background check by the Volunteer Center of North Texas pursuant to the Criminal History Information Act as adopted by the 73rd Texas Legislature and as amended from time to time (the "Criminal Information Act").

**Example 2****Disqualifying Offenses**

No person may serve with youth or children who has ever been convicted of any disqualifying offense, been on probation or received deferred adjudication for any disqualifying offense, or has presently pending any criminal charges of any disqualifying offense before a determination of guilt is made including any person who is presently on deferred adjudication.
